

#### CYFS Academic Year Internship:

The intern will assist with the early learning playgroups offered in various low-income communities for children aged newborn-age 5 and their parents. The intern will help participate in developmentally appropriate activity stations and the literacy program to enhance the development of young children. The intern will also assist with encouraging positive parent/child interactions to increase parent/child attachments and assist with the administering of developmental screens for infants 4months-60months of age to identify any developmental delays. Additionally, the intern will provide leadership to an early learning playgroup on Tuesday evenings. Hours are flexible and negotiated with the Program Manager.
