

CYFS Summer Intern description:

Interns will assist with the early learning playgroup providing support to young children and their parents in various low-income communities and assist with the literacy skills of young children through the summer reading program. This intern will assist with administering developmental screens to assess the developmental needs of young children 4 months-60 months. This internship provides opportunity to learn more about the practice of social work with low-income populations. Internship hours are negotiated with the program manager.
